

6271C TouchCenter

COLOR GRAPHIC TOUCHSCREEN KEYPAD

With its large, customizable color touchscreen, Honeywell's 6271C TouchCenter keypad has been designed to help dealers close more sales and increase retention. Dealers can opt to increase their advertising exposure by displaying their company name or logo on the homescreen and increase end-user referrals by putting a picture and name of the homeowner's family on a bright, colorful interface.

The 6271C touchscreen keypad makes it easier than ever for end-users to take advantage of their security system features. Even the most advanced functions are simple, with graphics and menu driven prompts guiding the user every step of the way.

FEATURES

- Customizable homescreen for dealers or end-users*
- Large, bright colorful display
- External MMC card slot for fast homescreen customization or software upgrades
- Intuitive touchscreen display with icons and menu driven prompts
- Entry/Exit Delay countdown displayed
- Authorized end-user can add or delete user codes
- View entire zone list with status of each zone
- End-user can quickly bypass zones from zone list

FEATURES

Event Log

TouchCenter conveniently displays the most recent actions involving system use. A press on the touchscreen is all it takes to access the event log, letting users easily:

- View when the system was used and who used it
- Track when workers and temporary guests use the system
- Keep tabs on family members (e.g., checking if a child has armed the system upon returning home from school)
- Utilize the TouchCenter as an effective business management tool (e.g., viewing openings and closings)

Keypad

- Emulation of standard 2x16 alpha LCD keypad display
- Diagnostics allows testing of:
 - LCD display
 - Audio
 - LED indicators

Compatibility

Control Panel	Max. No. of 6270/6271
